

National Age Friendly Parking Space Guide

Age Friendly Perpendicular Parking Bay in Standard 4800mm X 2400mm Space

The illustration below shows the **perpendicular** layout of an Age Friendly car space with the combination of road marking, Age Friendly text as logo and Existing Signage

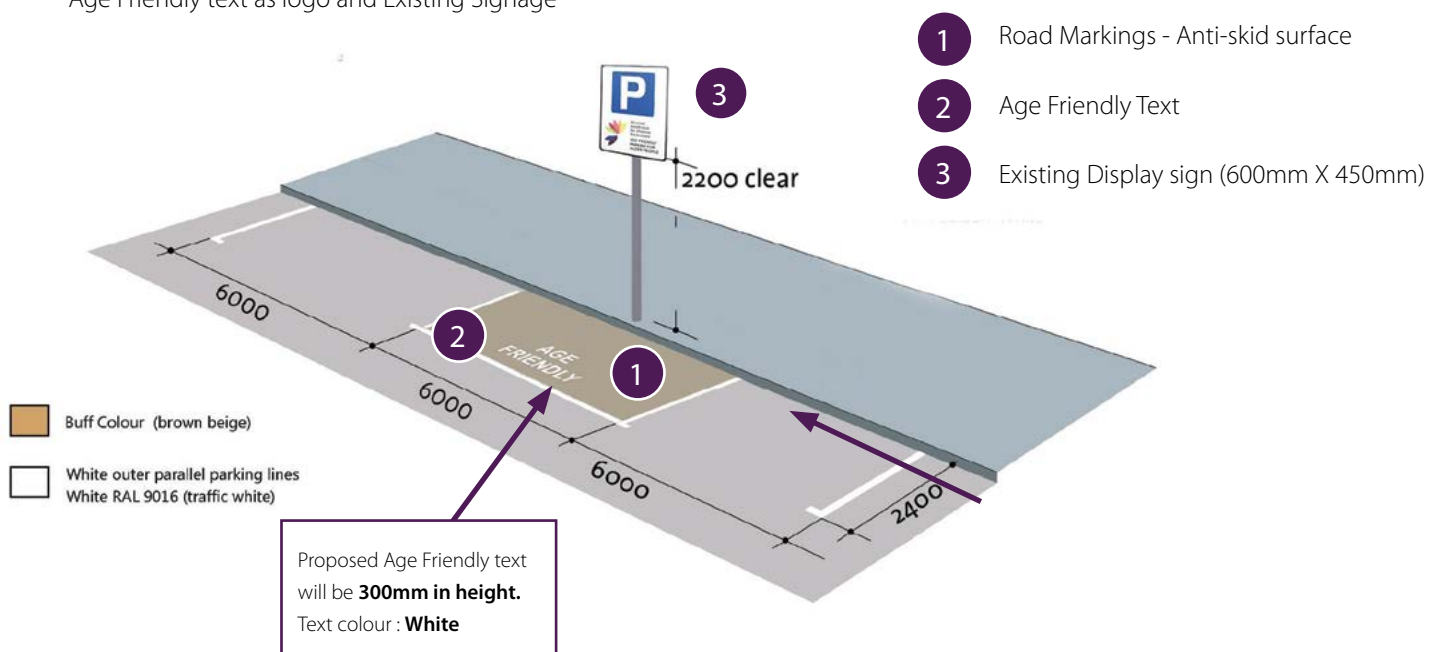

The parking bays for the older person will also remain the same size as the standard space (4800mm X 2400mm)

Age Friendly Parallel Parking Bay in Standard 6000 mm X 2400mm Space

The illustration below shows the **parallel** layout of an Age Friendly car space with the combination of road marking, Age Friendly text as logo and Existing Signage

The parking bays for the older person will also remain the same size as the standard space (6000mm X 2400mm)

Potential Problem

An Age Friendly parking space positioned on this parking space is **not clearly defined** leading to the **unintended misuse** of the space.

Possible Solution

The anti-skid road surface shown in a buff colour, line marking and text logo in white all help enhance the visibility and understanding of this car space. Remove and relocate the existing circular car park sign from this position as it is hard to see the Age Friendly Sign

These spaces are courtesy spaces and it is hoped that motorists will enter into the spirit of this initiative and leave them free for older persons who need them.

Where a 15-minute free parking time is in operation it applies to these spaces.

Where there is a parking fee this applies.

Age Friendly car parking stickers can be distributed via the Older People's Council/Council upon registration.
